

Villa Gonzalez

House Manual

Entrance

Villa Gonzalez

The address is Calle Ruta del Norte
26, Costa Teguisse

Free parking in front of the door

Key box next to the mailbox with a code to open the
gate and for the front door.

*We use PayLessCar, but only on days we use the car (arrival &
departure day and one or two more when we do a tour).*

Decoration, found in the bodega

Media

Network & code

TLC_WIFI_26

MRLANZAROTEVILLAS

There are two wifi points: one under the TV and one in the master bedroom

TV

Chromecast

Stream from your own device or use the remote for the chromecast. There are two tv's: in the living and in the sala (the lounge area).

Built in apps include Netflix and Youtube.

Swimming Pool

Due to the cover the pool is always warm

To enjoy a clean and warm pool, it is advised to leave the pool cover closed and use the door.

When opening the door, please take a few minutes for potential cleaning substances to leave the pool.

To open the pool cover:

1. Unscrew the three bolts of the upright part of the pool near the shower completely but leave them in place (top left picture)
2. Place the cover carefully on something heavy to prevent the cover from falling on the pavement (top right picture)
3. Move the bended cover open as wide as you wish

Close right after use.

The pool is maintained frequently but you may wish to check whether the cleaning tablets are still sufficient (on the side of the house, under a round plastic lid).

Fire & Lights

Enjoy the evenings outside or in the lounge area!

There's a pizza oven and a barbecue outside and a kitchenette in the lounge area. Please replenish any substance used.

Candles are for decoration and are not to be lit. Please refrain from any fires inside the house

Lights outside switch on with a timer under the large cactus near the lounge. The main switch is next to the entrance.

No smoking anywhere in the house. Including the balcony and veranda/sala (even with doors open).

Malesuada eleifend, tortor molestie, a a vel et. Mauris ipsum et suspendisse, neque aliquam faucibus.

LIGHTS OUTSIDE

LIGHTS CLOCK

Garbage

Close to the villa there's a “punto limpio” where you can leave your waste for free

There are four types of bins in Lanzarote:

1. Blue for paper & carton
2. Yellow for plastic, drinking packaging and cans
3. Green for glass
4. Grey for residual waste

Opposite to these bins, there's an area for larger waste for stuff that does not fit in the bins...

You'll see the area very close to arriving at the villa from the Costa Teguise direction on your left hand

Please leave the house without waste.

Other

Please be aware tap water is suitable for cooking but not for drinking unboiled

The slide doors to the terrace that have handles can be opened. For safety reasons, some have been fixed with screws. Please be aware of this when opening the terrace doors. We always close the iron doors and windows of the balcony and sala (veranda) when going out just for our piece of mind...

Do not use water handles outside as you may hinder the influx of water in the house and watering of the garden.
